## GBA ST1 – Horizontal Stacker

The popular Global Bill Acceptor, GBA, is a widely distributed and accepted bank note reader, which is renowned for its simplicity, reliability and capacity to accept a wide range of world currencies.

The GBA ST1 is a versatile, multi-orientation bank note reader whose modular design allows its removable note cassette to be oriented upwards, downwards or horizontally. The Horizontal Stacker offers an innovative horizontal stacking orientation in storage capacities ranging up to 1000 notes. The light weight chassis allows for a direct panel-mount design, with no internal supports or alternatively, it can be shelf mounted within the host machine.

With its technologically advanced “Sense Technology” note validation platform, the GBA ST1 is an excellent and reliable solution for its market place, both in terms of its wide range of note validation and its sturdy housing.

### Key features:

- A wide range of interfaces including: Parallel, Pulse, Serial, SSP, MDB, ccTalk.
- Accepts up to 32 notes, in 4 directions (max note width 80mm)
- Illuminated, flashing note guide as standard
- Stylish fascia
- Single Note Escrow
- FLASH download capabilities
- Optional magnetic head
- Sensor auto-calibration
- Push-button, on board diagnostics
- Range of lockable (optional) removable note cassette sizes
- Comprehensive GBA Talk software support package
- Simple access to the internal ST1 note path for maintenance

The GBA ST1 Horizontal Stacker has wide ranging applications in markets requiring compact, simple and reliable note stacking solutions.

### Support

Backed by dedicated teams of research and development engineers, sales professionals and support staff, the GBA product is our commitment to a vision of product excellence and customer satisfaction.

### The Company

Astrosys International Ltd specialises in the design, manufacture and distribution of the Microcoin coin validator and GBA bank note reader. It supports its products with ISO9001 certified manufacturing plants and an international network of offices and market representation in Australia, Hong Kong, the United Kingdom and the USA.
